Rating : 5 = Very good performance / follow the EFDP very strict; 4 = Good performance / follow the EFDP; 3 = Follow the EFDP frequency but sometimes can't control the situation; 2 = Less concern/ not warning their customers ; 1 = Not concern / Ignore to the EFDP							
Rating	The 7 Things Divers <u>Must Not Do</u>:	Rating	The 7 Things Divers <u>Must Do</u>:				
	Touch or step on coral		Practice buoyancy control and photography skills away from the reefs				
	Feed the fish		Ensure gauges, regulators and other equipment are secured and do not trail over reefs				
	Litter		Avoid stirring up sediment				
	Wear gloves		Hold on to rocks or dead patch reefs if you need to hold onto something				
	Chase, touch, spear or capture any marine life		Respect marine life and shoot photographs without altering or disturbing the environment				
	Place cameras on reefs or move marine life to capture a better shot		Fin slowly backward to avoid causing damage to reefs				
	Collect or buy marine life for souvenirs – it is illegal to remove coral from the water or beach		Support conservation and champion the best practices to ensure the sustainability of our beautiful and fragile coral reef environments
