<b>Rating</b>	<b>The 7 Things Divers <u>Must Not Do</u>:</b>	<b>Rating</b>	<b>The 7 Things Divers <u>Must Do</u>:</b>			
	Touch or step on coral		Practice buoyancy control and photography skills away from the reefs			
	Feed the fish		Ensure gauges, regulators and other equipment are secured and do not trail over reefs			
	Litter		Avoid stirring up sediment			
	Wear gloves		Hold on to rocks or dead patch reefs if you need to hold onto something			
	Chase, touch, spear or capture any marine life		Respect marine life and shoot photographs without altering or disturbing the environment			
	Place cameras on reefs or move marine life to capture a better shot		Fin slowly backward to avoid causing damage to reefs			
	Collect or buy marine life for souvenirs – it is illegal to remove coral from the water or beach		Support conservation and champion the best practices to ensure the sustainability of our beautiful and fragile coral reef environments
